

# Zytonic M<sup>®</sup>

## Ingredients

Humic Acid from Leonardite .....	7 - 8%
Soluble Silicon .....	0.5 - 0.7%
Glomus Intraradices .....	min. 80 spores / g.

## Benefits

- Reduction in chemical fertilizers from the first crop cycle (up to 50%)
- Improved germination & plant survival
- Reduction and extension of irrigation cycles (drought resistance)
- High-quality produce
- Reduction in crop care chemicals
- Larger & denser root mass with enhanced soil biological activity leads to improved overall soil health
- Improved fertilizer and water uptake capacity

## Application Rate & Methodology

Please contact us for comprehensive details regarding crop specific application rates and methods that can be integrated as per your existing crop management practices

## Note

Use of ZycoShield as a foliar application for the added benefit of stress protection and enhanced growth & greenery is recommended

## Standard Safety Guidelines

- Refrain from extended or recurrent skin contact. Make sure to thoroughly cleanse your skin after coming into contact with this product.
- Avoid contact with your eyes
- Avoid inhaling fumes or fine powder. Refrain from ingesting the substance

## PPE (Personal Protective Equipment)

### Recommendation

Use appropriate PPE, such as a NIOSHA/MSHA approved respirator, chemical goggles or a face shield, along with rubber gloves, boots, and clean protective clothing when exposure limits are surpassed or likely.

## First Aid Guidelines

**Eye Contact:** Gently hold the affected eye open and rinse with water for 15-20 minutes. Remove contact lenses (if applicable) after the first 5 minutes and continue rinsing. Seek immediate medical advice from a poison control centre or a doctor.

**Inhalation:** Move the person to fresh air. If they are not breathing, call 911 or an ambulance and provide mouth-to-mouth respiration if possible. Contact a poison control centre or a doctor for further guidance.

**Ingestion:** If swallowed, do not induce vomiting. Rinse the mouth with water. Dilute stomach contents by drinking water. If vomiting occurs spontaneously, ensure the person's head is positioned below the hips to prevent inhaling vomit into the lungs.

Do not administer anything by mouth to an unconscious person. Immediately contact a physician.

## Environmental Precautions

Do not use this product in aquatic environments. Avoid direct application to water, areas with surface water, or intertidal zones below the mean high water mark.

**Disclaimer:** Always refer to the Zydex website for latest product information and up-to-date label
